Gentlemen:

Pubco Petroleum Corporation is planning to drill a Dakota well to be named Pubco State #26, in the SW $\frac{1}{4}$ , 36-29N-11W, San Juan County, New Mexico. The south half of Section 36 is to be dedicated to the subject well, said half section consisting of 314.43 acres.

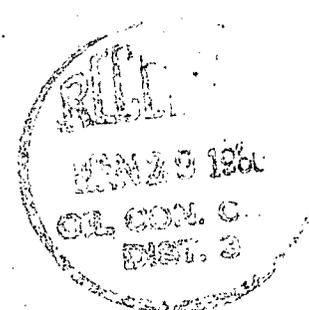

This is several acres short of a standard Dakota gas unit so, in compliance with Commission Order R-1287, offset operators are being notified of our intent to drill.

Very truly yours,

*N. E. Maxwell, Jr.*

Mr. A. L. Porter, Jr.  
Director, New Mexico Oil Conservation Commission  
Post Office Box 871  
Santa Fe, New Mexico

Dear Mr. Porter:

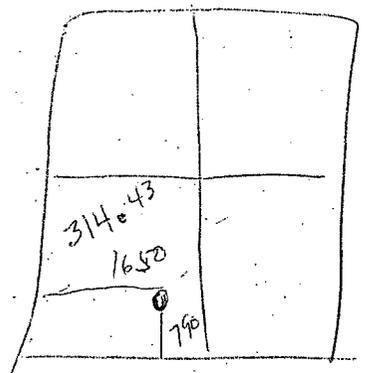

Pubco Petroleum Corporation is planning to drill a Dakota well, Pubco State No. 26, Unit N, SW $\frac{1}{4}$  Section 36, 29N-11W, 790 feet from the South line and 1650 feet from the West line. The South half of Section 36 is dedicated to the well.

Section 36 is a "short" section and the total acreage in the South half of the section amounts to 314.43 acres. Pubco Petroleum Corporation applies for approval of a non-standard gas unit in the Dakota formation consisting of 314.43 acres, all of the South half of Section 36, 29N-11W, under Order #R-1287.

A communitization agreement is being prepared with The Texas Company on the South half of Section 36, 29N-11W. Offset operators are being notified of the intention to drill.

Very truly yours,
