Attention: Mr. J. E. Whitfield

Gentlemen:

Enclosed is a photocopy of the approved notice of intention to drill filed with the U.S. Department of the Interior, and the well location and acreage dedication plat.

We trust this will now place our application for a non-standard gas proration unit in line for approval.

Very truly yours,

ATTENTION: Mr. M. S. Disimone

Gentlemen:

Reference is made to your application for administrative approval of a non-standard gas proration unit in the Basin-Dakota Gas Pool, comprising the E/2 of Section 4, Township 29 North, Range 11 West, San Juan County, New Mexico.

A search of the Commission files fails to reflect any Commission forms having been filed regarding your Fogelson Well No. 1-4 to which the above-described unit is to be dedicated. Your application cannot be approved until the Commission has been advised of the exact location of said Fogelson Well No. 1-4.

Your application is being held in abeyance until such time as the above-mentioned information is furnished to the Commission's Santa Fe office.

Very truly yours,

J. E. WHITFIELD

Re: Fogelson 1-4 Well,
E/2 Section 4, 29N-11W,
San Juan County, New Mexico

Dear Mr. Porter:

The above referred to well is being completed at this time in the Dakota formation, and the unit assigned to this well will be the E/2 of Section 4, 29N-11W, San Juan County, New Mexico.

Forms C-128 have already been filed by our representative, Mr. Tom Dugan of Farmington, New Mexico. However the E/2 of this section contains only 305.89 acres according to the General Land Office Survey.

Therefore we respectfully request approval of this application for a non-standard gas unit in the Dakota producing interval without notice and hearing under Rule 1(B) of the Special Rules and Regulations, as set forth in Order R-1287.

Mr. A. L. Porter, Jr.
