**RE: Proof of Written Notice and Proof of Publication For Stage 1 Abatement Plan Proposal
South Four Lakes #14 Site (AP-77)
T11S-R34E-Section 35 Lea County, New Mexico**

Mr. von Gonten:

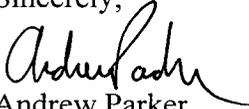

On behalf of Pride Energy Company, enclosed is proof of written notice and proof of publication for the Stage 1 Abatement Plan Proposal for the above-referenced site as required by OCD Rule Part 30.15.

On March 20, 2009, written notice was sent to interested parties by certified mail or email as directed by NMOCD. The Notice of Publication and mailing lists of interested parties are included in Attachment A.

Public notices were published in the Hobbs News-Sun and the Santa Fe New Mexican on March 24, 2009. Affidavits of publication are included in Attachment B.

We look forward to working with you on this project. If you have any questions please call me at 505-266-5004 or Matt Pride at 918-524-9200.

Sincerely,

Andrew Parker
R.T. Hicks Consultants

cc (via email): Matt Pride (Pride Energy Co., Tulsa, OK)

APPENDIX A

NOTICE OF PUBLICATION

**State of New Mexico
Energy, Minerals and Natural Resources Department
Oil Conservation Division**

Notice is hereby given that pursuant to Oil Conservation Division Regulations, the following Stage 1 Abatement Plan Proposal has been submitted to the Director of the Oil Conservation Division, 1220 S. St. Francis Dr., Santa Fe, New Mexico 87505, Telephone (505) 476-3440:

Matthew L. Pride, President of Pride Production Co., Inc., which is a General Partner of Pride Energy Company, an Oklahoma General Partnership, Telephone (918) 524-9200, P. O. Box 701950, Tulsa, Oklahoma 74170, has submitted a Stage 1 Abatement Plan Proposal (AP- 77) for the South Four Lakes #14 site, located in Section 35, Township 11 South, Range 34 East, Lea County, New Mexico, approximately 10 miles west of Tatum, New Mexico. Pride Energy Company is the operator of an oil and gas well at the site. A former drilling pit is a suspected source of a release of brines into the vadose zone and groundwater at the site. Assuming that the release of brine occurred after drilling was completed in November 2004, the down gradient extent of ground water impairment could be 150 feet southeast (down gradient) of the former drilling pit. The volume of any release is unknown. The Stage 1 Abatement Plan includes (1) a description of the site, site maps, and discussion of the site history including the nature of the release, (2) a description of the site geology and hydrology, (3) results of previous investigations, (4) the proposed characterization program, which includes the installation of soil borings and/or monitoring well(s) to delineate the vertical and horizontal extent of the constituents of concern, (5) a quality assurance plan, (6) assessment of restoration options, and (7) a schedule of proposed activities.

The division has determined that the application satisfies the requirements of OCD Rule Part 30.13C and is therefore, administratively complete. The division will accept written comments on the abatement plan if the director receives them within 30 days after the date of publication of the public notice. Persons who are interested in obtaining further information, submitting comments, or wish to be placed on a facility-specific mailing list for future notices may contact the Environmental Bureau Chief of the Oil Conservation Division at the address given above. The application and administrative completeness determination may be viewed at the above address between 8:00 a.m. and 4:00 p.m., Monday through Friday, or may also be viewed at the OCD web site (<http://www.emnrd.state.nm.us/ocd>). Persons who are interested in obtaining a copy of the application and administrative completeness determination may contact Jim Snyder at the address given above, or by telephone at 505-476-3484, or by email at Jim.Snyder@state.nm.us.

Sandy:

Per our conversation you should have received 5 public notices via certified mail. The receipt number is 7004 1350 0001 9663 5677. Please let me know if you receive the notices in th mail.

Until then, I have attached copies of the notices. Please distribute the public notices as appropriate to the County Commission.

Please call me if you have any questions.

partment
Oil Conservation Divi-
sion

Notice is hereby given that pursuant to Oil Conservation Division Regulations, the following Stage 1 Abatement Plan Proposal has been submitted to the Director of the Oil Conservation Division, 1220 S. St. Francis Dr., Santa Fe, New Mexico 87505, Telephone (505) 476-3440:

Matthew L. Pride, President of Pride Production Co., Inc., which is a General Partner of Pride Energy Company, an Oklahoma General Partnership, Telephone (918) 524-9200, P. O. Box 701950, Tulsa, Oklahoma 74170, has submitted a Stage 1 Abatement Plan Proposal (AP-77) for the South Four Lakes #14 site, located in Section 35, Township 11 South, Range 34 East, Lea County, New Mexico, approximately 10 miles west of Tatum, New Mexico. Pride Energy Company is the operator of an oil and gas well at the site. A former drilling pit is a suspected source of a release of brines into the vadose zone and groundwater at the site. Assuming that the release of brine occurred after drilling was completed in November 2004, the down gradient extent of ground water impairment could be 150 feet southeast (down gradient) of the former drilling pit. The volume of any release is unknown. The Stage 1 Abatement Plan includes (1) a description of the site, site maps, and discussion of the site history including the nature of the release, (2) a description of the site geology and hydrology, (3) results of previous investigations, (4) the proposed characterization program, which includes the installation of soil borings and/or monitoring well(s) to delineate the vertical and horizontal extent of the constituents of concern, (5) a quality assurance plan, (6) assessment of restoration options, and (7) a schedule of proposed activities.

The division has determined that the application satisfies the requirements of OCD Rule Part 30.13C and is therefore, administratively complete. The division will accept written comments on the abatement plan if the director receives them within 30 days after the date of publication of the public notice. Persons who are interested in obtaining further information, submitting comments, or wish to be placed on a facility-specific mailing list for future notices may contact the Environmental Bureau Chief of the Oil Conservation Division at the address given above. The application and administrative completeness determination may be viewed at the above address between 8:00 a.m. and 4:00 p.m., Monday through Friday, or may also be viewed at the OCD web site (<http://www.emnrd.state.nm.us/ocd>). Persons who are interested in obtaining a copy of the application and administrative completeness determination may contact Jim Snyder at the address given above, or by telephone at 505-476-3484, or by email Jim.Snyder@state.nm.us.
