**Subject:** RE: Devon Energy, Ore Ida 14 Federal #12, Remediation Workplan

Cindy,

The remediation proposal is approved. As we discussed, horizontal (lateral) delineation will be done as at time of excavation. Please notify prior to obtaining samples when submitting analytical results and prior to installing any caps.

This is a Federal well and may require like approval by BLM.

Tracking # is 2RP-417

This approval does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment, nor does this approval relieve the operator of responsibility for compliance with any other Federal, State, local laws and/or regulations.

**Subject:** Devon Energy, Ore Ida 14 Federal #12, Remediation Workplan

Mike,

Attached please find a Remediation Workplan for Devon Energy, Ore Ida 14 Federal #12 that I spoke to you about earlier today.

The site is located in Unit Letter K, Section 14, T24S, R29E, Eddy County, New Mexico.

If you would please let me know of your approval, we will begin remediation on this site immediately.

If you have any questions or need additional information please let me know.

Thank you,  
Cindy Crain
