Devon Energy Production Co., LLP respectfully requests permission for Off-Lease Gas Measurement & Sales for the Pacheco 31 Federal Com 8. Produced gas flows through a 3-Phase Separator before going to Devon Check Meter 885-12099 on location and then flows to the DCP CDP Gas Sales Meter 724917-00 located approximately 1.5 miles east in the NE SW of section 22 T23S R26E, Eddy County, New Mexico. No other wells are connected to the gas line and reported gas volumes are the CDP sales meter volumes. These volumes are compared against the check meter volumes.

The Off Lease Gas Measurement & Sales is due to the Operator installed gathering systems. Waste is not induced and no correlative rights are impaired.

ROW will or has already been obtained.

The working interest, royalty interest and overriding royalty interest owners in the lease is uniformed; no additional notification is required
