FIC. 4 Rule 309
Law 12/15/56

Oil Conservation Commission
Box 871

Gentlemen:

Please accept this letter as my request submitted in triplicate seeking permission to commingle production into common storage from the two oil leases as follows:

Two wells, one known as the Phillips-State No. 1 located in the SE/4 SW/4 and one well known as the Phillips-State No. 2 located in the NE/4 SW/4;

One well known as the Lexco No. 1 located in the SW/4 SE/4;

Both leases are located in Sec. 2-17S-32E, Roberts Pool, Lea County, New Mexico, and both are No. B-3610, state owned, with no overrides or oil payments payable out of either.

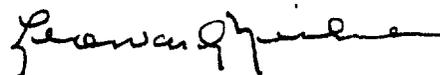

Plat showing acreage involved, exact location of all three wells and the ownership of the direct offsetting leases is enclosed.

My reason for seeking permission to commingle this production is that all three of these wells are making only about 18 barrels of oil per day, one makes about two, another about six and another about 10. I have three 210 tall storage tanks located on the lease in the SW/4 of Sec. 2, and I use one of these tanks for a settling tank. On the lease located in the SE/4 I have two 210 tanks for just the one well. Therefore, I would like to produce the oil from all three wells into the storage tanks located on the SW/4 of Sec. 2, thus eliminating as much cost as possible.

Direct offsetting owners of oil and gas leases are Phillips Petroleum Company, Bartlesville, Oklahoma and Barney Cochran, Artesia, New Mexico, and copies of letters notifying them of my request are enclosed.

If the above does not answer your requirements sufficiently, please advise.

Yours very truly,

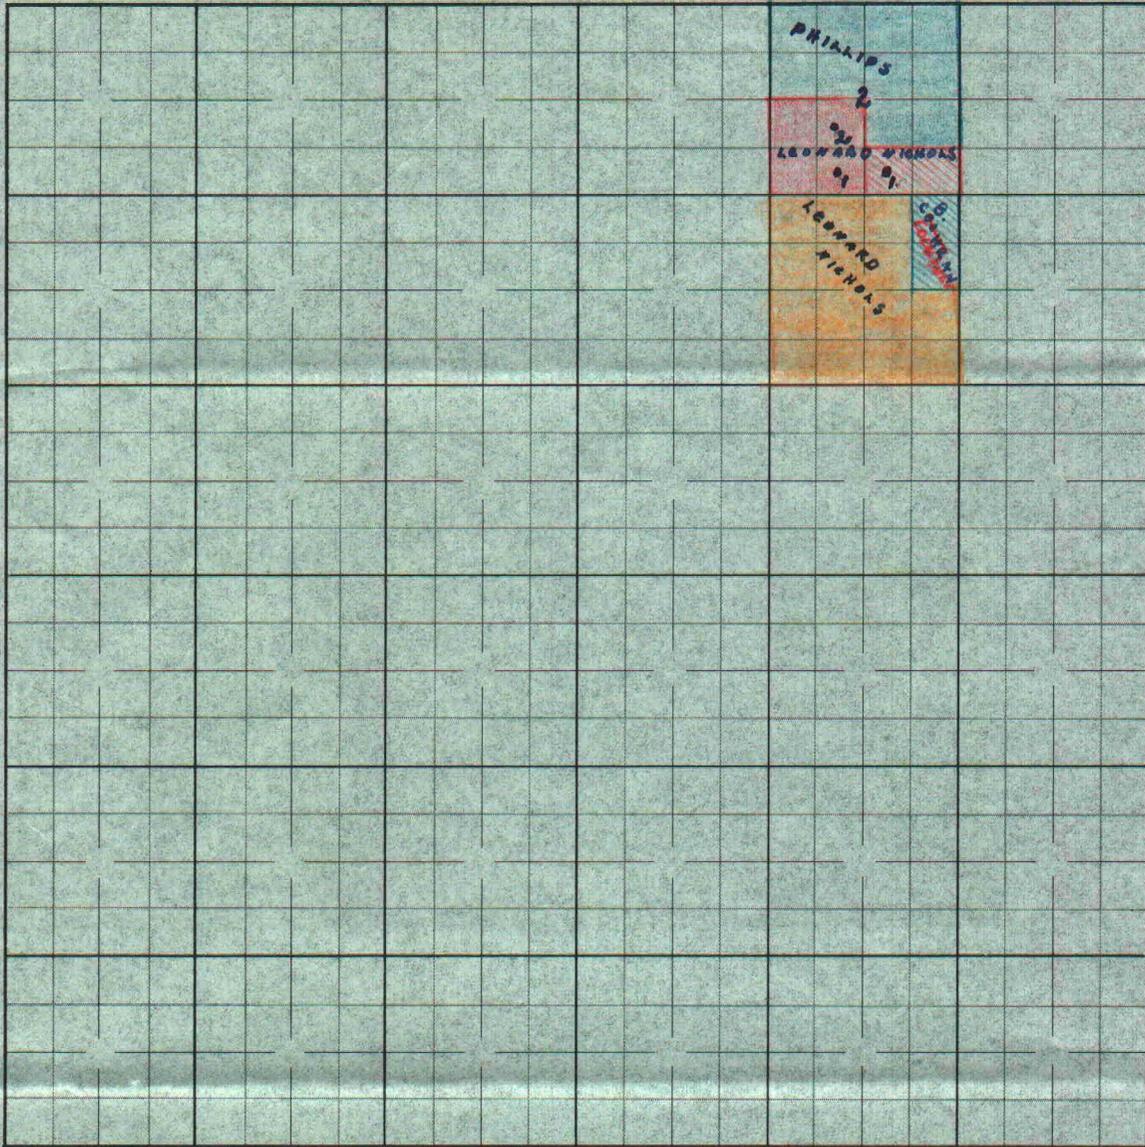

Leonard Nichols

Dear Sir:

Enclosed you will find copy of my letter to New Mexico Oil Conservation Commission requesting permission to commingle production from separate state leases into common storage.

I believe it is necessary that I furnish the Oil Conservation Commission a letter of approval from you before they can grant me this request.

It will be greatly appreciated if you will approve of my request and advise me of same.

Yours very truly,

Leonard Nichols

Dear Mr. Cochran:

I am requesting permission from the State and the Oil Conservation Commission to commingle oil produced from two of my wells located in the SE/4 SW/4 and the NE/4 SW/4 and from one well located in the SW/4 SE/4 all in Sec. 2-17S-32E, Roberts Pool, Lea County, New Mexico.

As you know, it is the rule that I notify all off set operators to these properties of my request, and from my records it appears that you are the owner of all of the E/2 NE/4 Sec. 11-17S-32E, Roberts Pool, Lea County, New Mexico.

I will appreciate it greatly if you will let me have your opinion as to whether you approve or disapprove of my request to commingle this oil.

Thank you very much for your cooperation in this matter.

Yours very truly,

Leonard Nichols
