Dear Sir:

On October 15th we filed an application for exception to rule 309-A covering certain lands in Sections 28, 29 and 32 of Township 21 South, Range 35 East, insofar as tank batteries are concerned. We have not heard from you in regard to this matter and would now appreciate it if you could give us an answer.

Yours very truly,

RESLER & SHELDON

Oil Conservation Commission  
P.O. Box 871  
Santa Fe, New Mexico

Dear Sir:

We are furnishing to you three copies of this letter which is intended to be an application for exception to Rule 309 (a).

Resler & Sheldon is the operator of three leases as follows:

- State Lease E-1922 W $\frac{1}{2}$  SW $\frac{1}{4}$  Sec. 28-T21S-R35E
- State Lease E-1921 E $\frac{2}{3}$  SE $\frac{1}{4}$  Sec. 29-T21S-R35E
- State Lease E-1924 E $\frac{1}{2}$  NE $\frac{1}{4}$  Sec. 32-T21S-R35E

SANDS IN NORTH 1/4 -  
POOL

All three leases are contiguous and have a common beneficiary. They are on Common School lands. This application is limited to production from the Yates Sand. There are six 40 acre units involved and adequate facilities will be provided for accurately determining production from each well at reasonable intervals.

Resler & Sheldon now petitions the Secretary-Director for an exception to rule 309 (a) and requests authority to produce wells to be located on the three above described State leases into a common tank battery, such battery to be located in Unit P of Section 29-T19S-R35E.

A letter from the Commissioner of Public Lands is herewith furnished approving the commingling of oil from the separate leases.

A map attached shows the three leases as well as offset leases. All offset operators have been furnished a copy of this letter application by registered mail.

Yours very truly,

RESLER & SHELDON

Vilas P. Sheldon
