Lea State "CL" and Lea State
"R" Leases

Gentlemen:

This is to inform you that Administrative order CTB-25, dated February 18, 1958, remains in effect. The only addition to the said order is that all new New Mexico Oil Conservation Division Rules and Regulations that have become in effect since said order was approved must also be adhered to. Please contact our Hobbs District Office prior to commencing any work on this project so the Division may have an inspector witness the operation.

Also, the New Mexico State Land Office must be notified and a copy of their approval forwarded to this office.

Sincerely,
