Gentlemen:

We have received a copy of an approved Form C-110 filed by the Wilson Oil Company to show a change in the pool designation of well #1-A on their State Minneton Lease, Section 19-21-35, Lea County, New Mexico. This form indicates a change from the Wilson Pool to the North San Simon - Yates Pool.

Our file on this lease contains a copy of New Mexico Oil Conservation Commission Administrative Order CTS No. 47. This order authorized the commingling of production from the Wilson Oil Company's - State Lease 4-3145, N/2 of Section 19, and their State Lease 1-5390, S/2 of Section 19, in the Wilson Pool, Lea County, New Mexico. Please let us know if this change in pool designation will nullify the commingling authorization granted in your Order CTS No. 47.

Yours very truly,

Attention: Mr. F. B. Whitaker, Jr.

Gentlemen:

Reference is made to your letter of November 2, 1961, inquiring as to whether the change in pool designation from Wilson Pool to North San Simon-Yates Pool would affect Wilson Oil Company's commingling of State Lease E-3143, N/2, Section 19, Township 21 South, Range 35 East and State Lease E-5890, S/2, Section 19, Township 21 South, Range 35 East, under commingling order No. CTB-47.

We are enclosing copy of our letter of February 13, 1961, cancelling the subject commingling order. If the operator wishes to commingle these two leases in the future, it will be necessary to have CTB-47 reinstated and also necessary to obtain a pool commingling order.

Very truly yours,

DANIEL S. NUTTER
Chief Engineer
