Attention: Mr. Vincent Foster

Gentlemen:

Reference is made to your letter of December 18, 1962, wherein you request that the meter proving frequency for your Carper-Hudson "B" Well No. 1, included in the commingling installation authorized by Administrative Order CTB-57, be extended from a monthly to a quarterly basis.

Inasmuch as the tabulated meter factors indicate that consistently reliable performance has been obtained from this meter during the last ten months, the proving frequency is hereby extended from once each month to once every three months.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
