**Attention: Mr. V. E. Staley**

**Administrative Order PLC-5**

**Gentlemen:**

Reference is made to your letter of June 7, 1963, wherein you request authority to commingle Hobbs Pool production from your State "A" Tract 8 Lease, Leach R/A "A" Lease, and Leach R/A "B" Lease with the commingled Hobbs and Bowers Pool production at your Hobbs Consolidated Battery No. 1. It is our understanding that Hobbs Consolidated Battery No. 1, authorized by Order No. N-2041, is the commingling site for several leases producing from the Hobbs and Bowers Pool. Further, that under Administrative Order CTB-74, Hobbs Pool production from the Leach R/A "A" and the Leach R/A "B" Leases is presently commingled at your Leach Battery.

In order to consolidate all of the aforementioned commingling authority in one order to facilitate accounting thereof, this order, PLC-5, is being issued and will have the effect of superseding Administrative Order CTB-74 and Order No. N-2041 insofar as that order relates to Hobbs Consolidated Battery No. 1.

Pan American Petroleum Corporation is therefore hereby authorized to commingle the production from the following leases and pools after separately metering the production from each lease and each pool by temperature compensated meters equipped with samplers and non-reset counters:

**E. H. Myers "A"  
(Hobbs Pool)**

**NW/4 of Section 3, Township  
19 South, Range 18 East**

**W. B. Cappe  
(Hobbs Pool)**

**S/2 of Section 3, Township  
19 South, Range 18 East**
