E. S. JOHNNY WALKER
COMMISSIONER

P. O. BOX 791
SANTA FE, NEW MEXICO

February 15, 1962

Water Flood Associates, Inc.
301 Booker Building
Artesia, New Mexico

Attention: Mr. Porter

Dear Mr. Porter:

We have your request, dated February 9, 1962, to commingle the production from various wells, located in T. 18 S., R. 28 E., Eddy County, New Mexico.

Although, the wells are located, over a large area, the acreage apparently all belongs to the University of New Mexico, and, therefore, we can see no reason why we should object to the proposed operation, provided, however, the commingling of the production does not lessen the price, for the oil or the State's royalty.

We would appreciate it very much, if you would send us a diagram of the equipment and a complete plat of pipelines, etc.

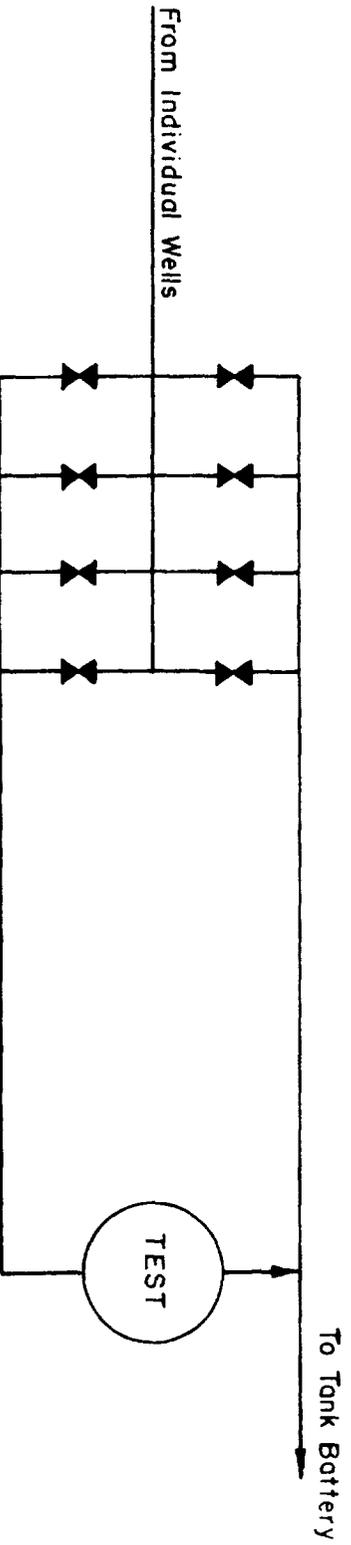

Thanks for your cooperation, in this matter.

Yours very truly,

E. S. JOHNNY WALKER
Commissioner of Public Lands
