December 10, 1962

Sinclair Oil and Gas Company  
P. O. Box 1470  
Midland, Texas

Attn: Joe Mefford

Gentlemen:

You are hereby granted permission to commingle the production from your State Leases 403 and 405, State Leases No. E1582 and E1639, in accordance with the method you have outlined in your request of November 14th.

We wish to call your attention to the fact that your letter of transmittal described the acreage as Sections 22 and 27, Township 18S, Range 38E; however, the plat shows, and our leases show, that the acreage is located in Township 18S, Range 35E.

Very truly yours,

E. S. JOHNNY WALKER  
COMMISSIONER OF PUBLIC LANDS

SINCLAIR OIL & GAS COMPANY

520 East Broadway  
Hobbs, New Mexico

December 28, 1962

Mr. A.L. Porter, Jr.  
Secretary-Director  
New Mexico Oil Conservation Commission  
Box 871  
Santa Fe, New Mexico

Dear Sir:

The following is furnished in accordance and compliance with Oil Conservation Commission Memo No. 10-61.

At 7:00 AM December 28, 1962, Sinclair Oil & Gas Company commenced commingling production from the South Vacuum Bone Springs Pool underlying the State Lea 403 lease (W/2 Sec 22-18S-35E, Lea County) and the State Lea 405 lease (NW/4 Sec 27-18S-35E, Lea County).

Commingling of production of Bone Springs oil from these two leases authorized under authority of Oil Conservation Commission Administrative Order CTB-98 dated December 18, 1962.

As of this date, there is only one well each on the above listed leases producing from the Bone Springs and both are marginal.

Yours truly,

*Fred Burns*  
Fred Burns  
Dist. Supt.
