Attention: Mr. A. L. Porter

Gentlemen:

Cities Service Petroleum Company respectfully requests that the New Mexico Oil Conservation Commission grant administrative approval for exception to Rule 309-A whereby production from our State "BL" Lease and the Lane Lease can be commingled. Both of the above leases are located in the Mescafero (San Andres) Pool in Section 14-T10S-R32E, Lea County, New Mexico.

The following information is given in support of this application.

- (1). All production from the State "BL" and the Lane Leases are from the San Andres formation.
- (2). Adequate facilities will be provided for accurately determining production from each well at reasonable intervals.
- (3). All parties owning an interest in the leases and the purchaser of the commingled production therefrom have been notified by registered mail of the intent to commingling of production from the separate leases. A list of all parties owning and interest to whom registered mail was sent is attached.
- (4). Production from each of the aforementioned leases will be accurately measured and determined prior to commingling in accordance with the provisions as set forth in the Commission's "Manual for the Installation and Operation of Commingling Facilities".

COMMISSIONER OF PUBLIC LANDS

December 10, 1962

Cities Service Petroleum Company
Box 97
500 Broadmoor Building
Hobbs, New Mexico

Gentlemen:

You are hereby granted approval to commingle the production from your State "BL" Lease and the Lane Lease, producing from the San Andres Pool in Section 14, T10S, R32E, into a common tank battery.

It is our understanding that strict metering and testing will be done in order to account for the State's royalties.

Please notify the Oil and Gas Accounting Commission of your proposal.

Very truly yours,

E. S. JOHNNY WALKER

MEMORANDUM

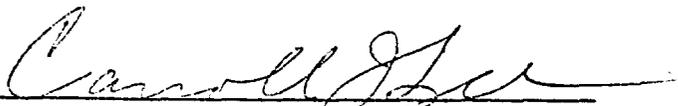

December 5, 1962

TO: Romulo Martinez, State Land Office

FROM: Oil and Gas Accounting Commission

Re: Cities Service Petroleum Company's commingling of production from State "BL" Lease and Lane Lease.

This Commission has no objection to the commingling of production of Cities Service Petroleum State "BL" Lease and Lane Lease so long as Cities Service is informed that they must allocate the production by well when reporting to this Commission and that this Commission will be notified as to the effective date of the commingling.
