In re: Administrative Order CTB-119

Mr. A. L. Porter, Jr., Secretary-Director (3)  
New Mexico Oil Conservation Commission  
P. O. Box 2088  
Santa Fe, New Mexico

Dear Sir:

Phillips Petroleum Company hereby applies for amendment to Administrative Order CTB-119. This order presently approves exception to Rule 309-A and permits commingling into Santa Fe Battery No. 1 of Vacuum Grayburg-San Andres production from State B-1606 Lease, described as NW/4 SW/4 and SW/4 NW/4 of Section 31, and State B-1861 Lease, described as SW/4 SE/4 of Section 31, Township 17 South, Range 35 East, Lea County, New Mexico.

In addition to the above two State leases we propose to commingle production from State B-1501 Lease, described as W/2, SE/4 of Section 30, Township 17 South, Range 35 East, Lea County, into the Santa Fe Battery No. 1. The two wells on State B-1501 are presently producing into Santa Fe Battery No. 2. Battery No. 2 is to be abandoned for economic reasons.

There is attached a copy of the Commissioner of Public Lands letter, that approves the commingling of production from the three separate State Leases. All of the wells on these leases produce from the Vacuum Grayburg-San Andres Pool, and ownership is common throughout.

The attached plat shows the location of these leases, wells and batteries. Also attached is a copy of the pipe line's letter which states they concur with this application.

Very truly yours,

  
W. C. Rodgers  
Area Superintendent  
Production Division

October 16, 1964

New Mexico Oil Conservation Commission  
Box 871  
Santa Fe, New Mexico

Gentlemen:

Phillips Petroleum Company advises that they intend to make application to the New Mexico Oil Conservation Commission for permission to commingle San Andres production in Sections 30 and 31, T-17-S, R-35-E, Lea County, New Mexico.

Texas-New Mexico Pipe Line Company will gather the production from this lease and concurs with the operator's application to commingle these crudes.

Yours very truly,

TEXAS-NEW MEXICO PIPE LINE COMPANY

Hobbs, New Mexico

Att: W. C. Rodgers

In RE: Request to commingle  
production from three  
state leases, B-1501,  
B-1606, and B-1861.

Gentlemen:

In reference to your letter of September 28, 1964, wherein you gave us the additional information we had requested, the State Land Office does hereby approve your request to commingle Lease B-1501, Battery number #2, with Leases B-1606, and B-1861, Battery Number #1, since ownership is common throughout, and since the revenue through this installation will result in an increase.

This approval, however, is given by the Commissioner of Public Lands, with the reservation that he can amend or withdraw same should a loss of revenue occur at any time.

Thank you very much for your cooperation in furnishing us with the additional information.

Very truly yours,

E. S. JOHNNY WALKER,  
Commissioner of Public Lands
