P. O. Box 2088
Santa Fe, New Mexico

Dear Sir:

This has reference to Administrative Order GTB-123 dated September 24, 1964, granted in response to our application dated September 11, 1964 for Administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit the commingling of oil produced from the Tecite Bone-Pennsylvanian "B" Pool on our Navajo Tribal "W", "P", and "U" leases, San Juan County, New Mexico. Administrative Order GTB-123 authorized the commingling of production from the Navajo Tribal "W" and "U" leases and further stated that the Order would be amended to include the Navajo Tribal "P" lease at such time as production is obtained thereon.

Pan American Petroleum Corporation completed Navajo Tribal "P" No. 2 at a location in the NW/4 SE/4 of Section 7, T-26-N, R-18-W, in the Tecite Bone-Pennsylvanian "B" Pool on January 8, 1965. It is now our desire to commingle production from this well into the consolidated tank battery approved by Administrative Order GTB-123. It is therefore respectfully requested that said Order be amended to include the Navajo Tribal "P" lease.

Yours very truly,

PAN AMERICAN PETROLEUM CORPORATION
