Re: Request to Commingle Production  
from the Southern Minerals State  
Lease, Sec 16 & 21, T-9S, R-33E,  
Lea County, New Mexico

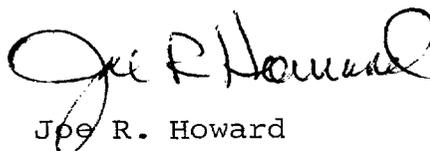

Dear Sir:

Coastal States is requesting permission to commingle oil production on the above lease in the Flying "M" Field of Lea County, New Mexico. The State leases involved are No. 3587 (Sec 16) and 3586 (Sec 21), and they will be produced in a tank battery located in the approximate center of NW/4 of Section 21. We have received permission from the New Mexico Commissioner of Public Lands for commingling production and off lease storage, copies of which are attached.

Also attached, you will find a sketch of the metering system installed and a plat showing the location of the wells involved.

If you need additional information, please advise.

Very truly yours,

Joe R. Howard

In RE: Request to commingle  
production from the  
Flying "M" State and  
Southern Minerals State  
Leases (Sec. 16, T-9-S,  
R-33-E, Lea County, N.M.)

Gentlemen:

Thank you for your letter of September 28, 1964, wherein you gave us your proposed metering system which we had asked for before we could grant your request to commingle. The State Land Office does hereby approve your request to commingle production, and this approval is given on the condition that the Commissioner of Public Lands reserves the right to amend or withdraw his approval should a loss of revenue to the State occur at any time.

Very truly yours,

E. S. JOHNNY WALKER,  
Commissioner of Public Lands

Gentlemen:

After reviewing the above, this office can find no  
objection to your proposal provided that at no time  
will there be commingling of production or intercom-  
munication of handling, separating, treating or  
storage. In the event that this happens, the Commission  
of Public Lands reserves the right to reject this  
approval.

Yours very truly,

E. S. JOHNNY WALKER
