Administrative Order CTB-151

Gentlemen:

Reference is made to your application dated December 2, 1965, for administrative approval of an exception to Rule 309-A of the Commission Rules and Regulations to permit the commingling of oil produced from your State-32 Lease comprising the N/2 NE/4, S/2 NW/4, N/2 SE/4, and S/2 SW/4 of Section 32, Township 23 South, Range 38 East, and your Continental State lease comprising the N/2 NE/4 and N/2 SE/4 of Section 5, Township 24 South, Range 38 East, Stateline Ellenburger Pool, Lea County, New Mexico, after separately and continuously metering the production from each lease.

Under the authority granted me pursuant to Rule 309-B, Standard Oil Company of Texas is hereby authorized to commingle the above-described production as proposed, subject to the provisions of the Commission's "Manual for the Installation and Operation of Commingling Facilities," including the requirement that the production be metered with temperature compensated meters operated in conjunction with samplers, and provided further, that the meters shall be equipped with non-reset counters. Please notify the Hobbs District Office of the Commission at such time as this installation is complete in order that a field inspection may be made of the installation prior to putting it in operation.

Very truly yours,

A. L. PORTER, Jr.

Contractive Oil

Dear Sir:

Reference is made to your application dated December 15, 1954, for administrative approval of an exception to Rule 100-A of the Commission Rules and Regulations to permit the commingling of oil produced from your State-12 lease comprising the W/2 SW/4, Sec. 27, T. 12N, R. 12E, and W/2 SW/4 and S/2 SW/4 of Section 27, Township 12 North, Range 12 East, and your Continental State lease comprising the W/2 SW/4, Sec. 27, T. 12N, R. 12E of Section 27, Township 12 North, Range 12 East, County, New Mexico, after separation and commingling with the production from each lease.

Under the authority granted by amendment to Rule 100-A, the Standard Oil Company of Texas is hereby authorized to commingle the above described production as proposed, subject to the provisions of the Commission's Manual for the Inspector and Operator of Commingling Facilities, including the requirement that the production be separated with appropriate compressed meters operated in conjunction with samplers, and provided further, that the meters shall be operated in non-pressurized containers. Please notify the Mobile District Office of the Commission at such time as this installation is complete in order that a field inspection may be made of the installation prior to commencing its operation.

Very truly yours,

A. L. FORTNER, JR.  
Secretary-Director
