AMENDMENT

Administrative Order CTB-162

Gentlemen:

Reference is made to your letter dated September 20, 1966, which supersedes your letter of September 12, 1966, requesting an amendment to Administrative Order CTB-162 which permitted the commingling of Cato-San Andres production from your Baskett Lease and your Baskett "B" Lease in Section 11, Township 8 South, Range 30 East, Chaves County, New Mexico. It is our understanding that you now wish to include in the aforesaid commingling installation your Baskett "C" Lease which comprises the W/2 of the SE/4 of Section 10, Township 8 South, Range 30 East, and to allocate the production from each of the three aforesaid leases on the basis of periodic well tests inasmuch as the ownership of the three leases is identical throughout. Further, that you also wish to include in the commingling installation your Baskett "D" Lease which comprises the E/2 of Section 11, Township 8 South, Range 30 East and your Queen Lease which comprises the NW/4 of Section 10, Township 8 South, Range 30 East after separately metering the production from each of these leases prior to commingling the production with the commingled production from the first three leases.

Administrative Order CTB-162 is hereby amended to permit the inclusion of the Baskett "C" Lease, the Baskett "D" Lease,

AMENDMENT

Administrative Order OTR-162

Gentlemen:

Reference is made to your letter dated September 20, 1966, which supersedes your letter of September 12, 1966, requesting an amendment to Administrative Order OTR-162 which permitted the commingling of Cato-San Andres production from your Basket Lease and your Basket "B" Lease in Section 11, Township 8 South, Range 30 East, Chaves County, New Mexico. It is our understanding that you now wish to include in the aforesaid commingling installation your Basket "C" Lease which comprises the W $\frac{1}{2}$ of the SE $\frac{1}{4}$ of Section 10, Township 8 South, Range 30 East, and to allocate the production from each of the three aforesaid leases on the basis of periodic well tests inasmuch as the ownership of the three leases is identical throughout. Further, that you also wish to include in the commingling installation your Basket "D" Lease which comprises the E $\frac{1}{2}$ of Section 11, Township 8 South, Range 30 East and your Queen Lease which comprises the NW $\frac{1}{4}$ of Section 10, Township 8 South, Range 30 East after separately metering the production from each of these leases prior to commingling the production with the commingled production from the first three leases.

Administrative Order OTR-162 is hereby amended to permit the inclusion of the Basket "C" Lease, the Basket "D" Lease,

and the Queen Lease in the commingling installation. It is noted, however, from your application and the schematic diagram attached thereto that no provision has been made for testing the individual wells from the individual leases. It will be necessary that test facilities be provided for the individual wells and that the production from the Baskett, Baskett "B", and the Baskett "C" Leases be re-routed back into the appropriate production separator and that any tests made of Baskett "D" production or Queen Lease production be properly re-routed also.

AMENDMENT

Administrative Order CTB-162

Gentlemen:

Reference is made to your letter dated December 12, 1966, wherein you request authority to include your Wasley Lease and your Crosby "D" Lease in the Cato Storage System No. I authorized by Administrative Order CTB-162 dated September 13, 1966, as amended October 18, 1966, and December 15, 1966.

It is our understanding that the Wasley production will be separately metered prior to commingling and that the Crosby "D" production is of identical ownership to the Crosby "B" and Crosby "C" production and will therefore be commingled with the latter production without separate metering, but that all Crosby production is metered prior to commingling with that from any other lease.

Administrative Order CTB-162 is hereby amended to permit the commingling of the above leases in the manner proposed, subject to the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters. Please notify the Hobbs District Office of the Commission at such time as the installation is complete in order that an inspection may be made of the installation.
