**Request for Surface Commingling and Off-Lease Storage  
of Production from the Langlie Mattix 7 Rivers Oil and  
Gas Pool for the Stevens A-35 #3 and Stevens B-35 #1  
Wells at the Stevens B-35 Tank Battery located in  
Unit P, Sec. 35, T-23S, R-36E, Lea County, New Mexico**

Dear Mr. LeMay:

Conoco Inc. requests approval for surface commingling and off-lease storage of production from the Langlie Mattix 7 Rivers Oil and Gas Pool for its Stevens A-35 #3 and Stevens #1 wells located in Section 35, T-23S, R-36E as shown on the map in EXHIBIT A. The two separate leases are also identified by outline and legend.

EXHIBIT B is a list of the working and royalty interest owners in these two leases and wells. It shows that although the leases are separate, these interest owners are exactly the same as is the percentages of their participation in each lease. Therefore, there are no correlative rights issues associated with combining production from these leases and allocating them by well tests.

The following legal and production data is submitted for these wells:

<u>Lease No.</u>	<u>Well Name</u>	<u>Location</u>
LC 030556A	Stevens A-35 #3	Unit J, Sec. 35, T-23S, R-36E
LC 030556B	Stevens B-35 #1	Unit P, Sec. 35, T-23S, R-36E

<u>Well Name</u>	<u>BOPD</u>	<u>°API</u>	<u>MCFGPD</u>
Stevens A-35 #3	2.5	34.0	1254
Stevens B-35 #1	2.4	34.5	835

Since oil gravities are essentially the same, there will be no devaluation as a result of commingling these fluids.

The attached battery diagram, EXHIBIT C, is an accurate schematic of the proposed commingled facility.

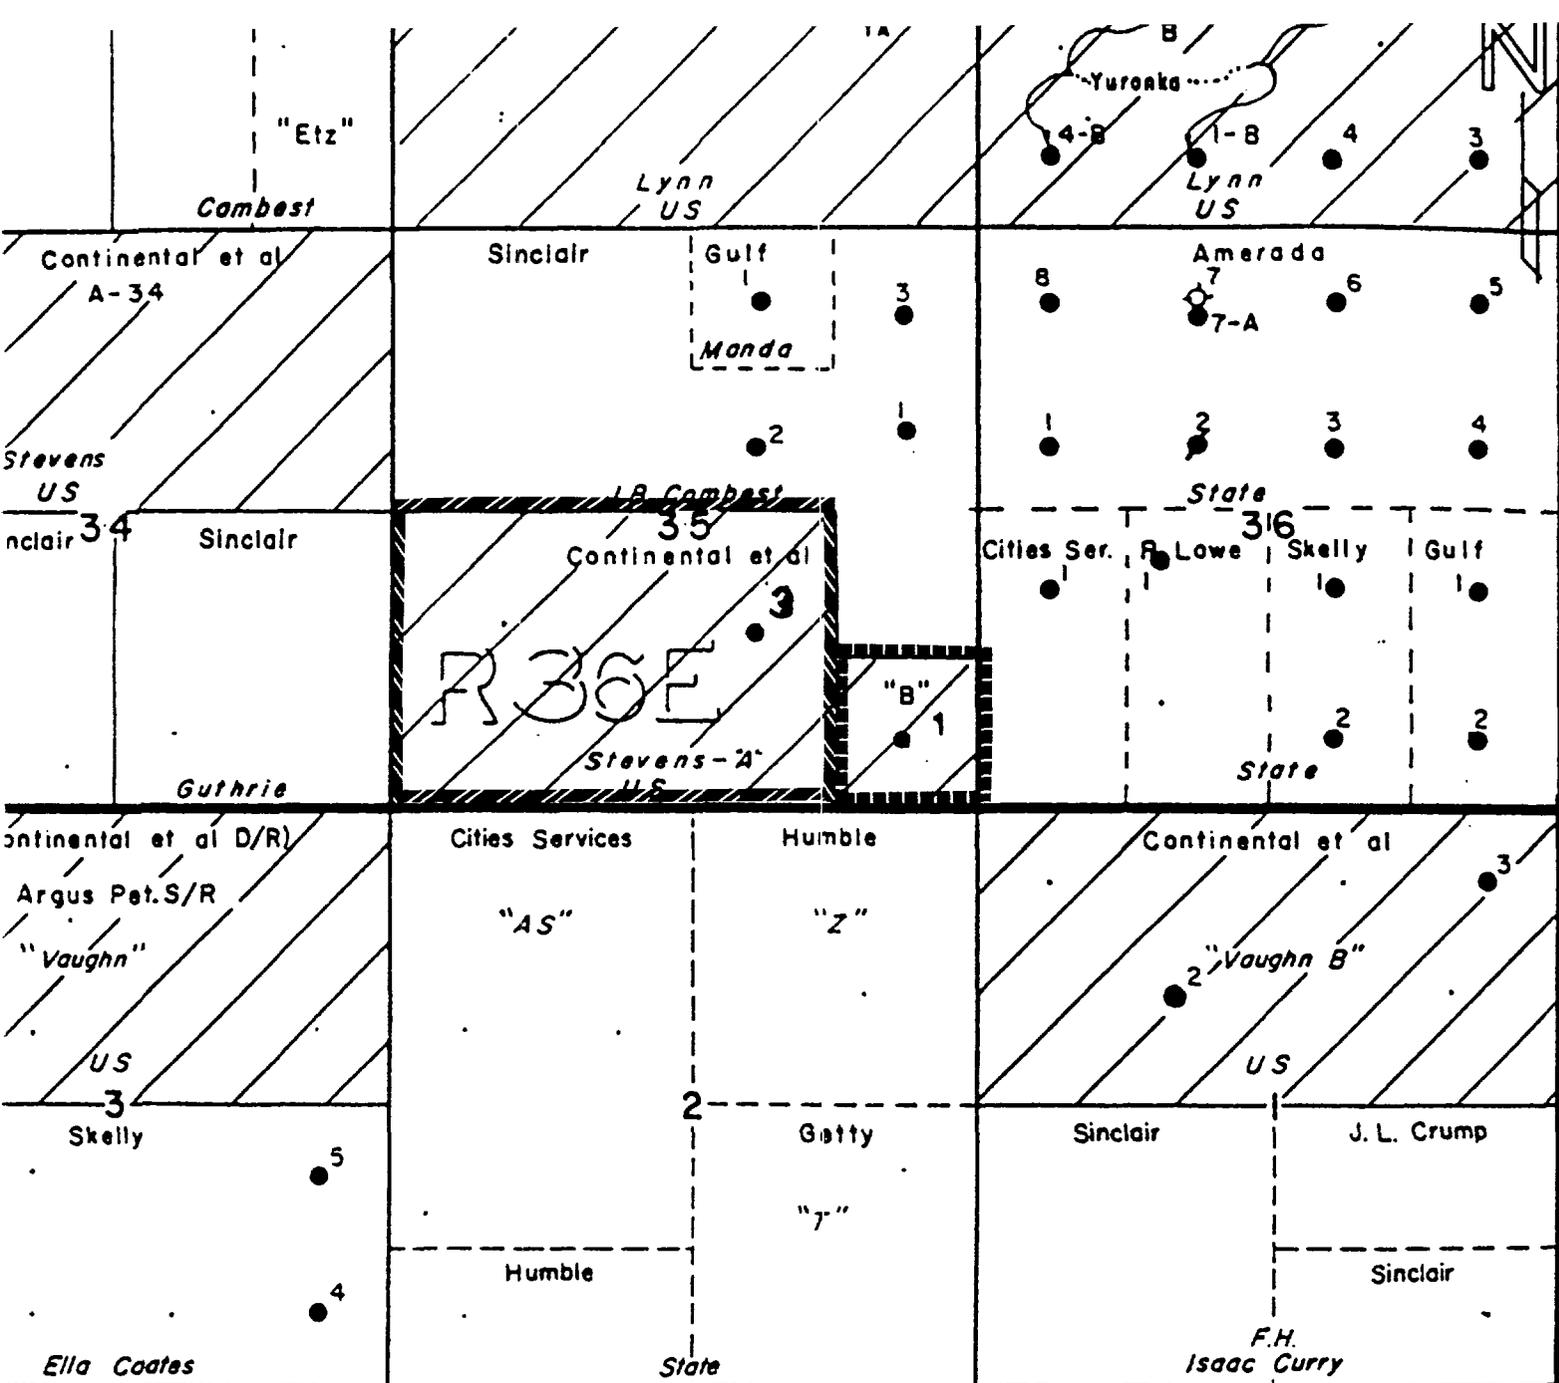

The working and royalty interest owners as shown in EXHIBIT B have been notified of this application by certified mail. Copies of the certified mail receipts are attached as EXHIBIT D. An application has also been filed with the Bureau of Land Management.

This proposed commingling of production is in the interest of conservation and will not result in reduced royalty or improper measurement of production. If there are further questions concerning this application contact Jerry W. Hoover at (915) 686-6548.

Very truly yours,

Jerry W. Hoover  
Sr. Conservation Coordinator
