RE: Surface Commingling, Lease Commingling,  
Off-Lease Storage & Measurement  
Atoka San Andres Pool Eddy County,  
New Mexico

Dear Mr. Stone,

Yates Petroleum Corporation respectfully requests your approval for surface commingling, lease commingling, off-lease storage and measurement for the following wells:

Dayton EY #1	Dayton EY #2	Gushwa DX #2
990' FSL & 990' FEL	330' FSL & 330' FEL	1650' FSL & 1650' FEL
Unit P, SESE	Unit P, SESE	Unit J, NWSE
Eddy County, NM	Eddy County, NM	Eddy County, NM
Fee Lease	Fee Lease	Fee Lease

The production will be transported prior to measurement to a common tank battery located at the Dayton EY #1 location. A map is enclosed for your information.

The purpose of this off-lease storage and surface commingling is to reduce operating costs for storage and treating and thereby extend the economic life of each well. Without approval for utilizing existing batteries on adjacent leases, it will become necessary to build separate facilities for each well. This will greatly increase costs and shorten the economic life of the well(s).

Because working interests for the wells are different, oil from each of the wells will be measured by positive displacement, temperature compensated metering equipment prior to surface commingling. Gas from the wells will also be metered separately. This metering will ensure that all production from each of the wells is equitably accounted for with no significant effect on your revenue. The production from the wells is from the same producing zone which is the Atoka San Andres.

In accordance with the Oil Conservation Division's Rules 303-B, 309-B and 309-C, the following diagrams and maps are enclosed for your information:

- A diagram of the proposed measurement equipment, separators and storage tanks in accordance with the "Manual for Installation and Operation of Commingling Facilities".
- Notification of working interest, royalty interest and overriding royalty interest owners of the proposal to commingle production (list enclosed).

If you should have any questions or need further information, please give me a call at (505) 748-4178, direct line.

Thank you for your cooperation.

Sincerely,

Pamela S. Evans  
Production Clerk
