**Attn: David Catanach**

Phillips Petroleum Company received authority to commingle Basin Fruitland Coal production from 34 wells connected to the 31-6 #1 CPD. A copy of the letter authorizing this commingling is attached. This authorizing letter states the wrong county. All of the wells and the CPD are located in Rio Arriba county instead of San Juan county.

Phillips Petroleum Company respectfully requests authority to commingle production from the San Juan 31-6 #205R and the San Juan 31-6 #234R to this CPD. Attached is the sundry notice approved by the BLM on June 16, 1995 allowing the addition of the San Juan 31-6 #234R to the 31-6 #1 CPD. Also attached is the request to add the San Juan 31-6 #205R to this CPD dated August 21, 1997.

If you have any questions concerning this, please call me at (505) 599-3450.

Sincerely,  
Phillips Petroleum Company

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Phillips Petroleum plans to add the subject well to the previously approved 31-6 #1 CPD system per the attached map. The 31-6 #1 CPD was approved for off lease measurement/commingling of gas on April 4, 1995.

The tie in line will be pressure tested to 750 psi and held for 4 hours. The well location will have a PESCO 2 MM dehydrator and one 500 bbl water tank. Produced water will be trucked off location and will be disposed in the 31-6 #301 SWD.

6-16-95 per Telephone conversation with ED Hasely.

- CURRENT PRODUCTION #234R IS 3mmcfD (45mmcf/m)
- ALLOCATION WILL BE IDENTICAL TO OTHER WELLS CONNECTED TO THE SYSTEM
- GAS ANALYSIS WILL BE SUBMITTED AS SOON AS WELL IS PLACED ON PRODUCTION

31-6 #1 CPD  
Off-Lease Measurement of Gas  
Addition of San Juan 31-6 #205R

Dear Mr. Spencer:

Phillips Petroleum Company requests approval to add the San Juan 31-6 #205R to the off-lease measurement/commingling application for the subject CPD. The original application was approved by the BLM on April 4, 1995 and the allocation method was approved by the OCD on April, 10 1995.

This well is located in Unit G, 2510' FNL & 1850' FEL. Section 4, T30N, and R6W. The federal lease number is NMSF079012. The well will be connected to 31-6 #1 CPD.

A gas line is currently being laid to the well and we expect first production to the CPD next week. Phillips Petroleum Company will follow Onshore Oil and Gas Order #5 and the allocation procedures outlined in the original approved application in regards to gas production from this well.

If you have any questions concerning this well addition, please call me at 599-3450.

Sincerely,

COPY
