Gentlemen:

Bass Enterprises Production Co. received authorization to commingle production from the above subject leases on January 31, 2000. Per copy of the attached Commingling Order (CTB-494) we respectfully request approval to add the Hat Mesa 32 State #2 (24937) to this existing order. Estimated production from the Hat Mesa 32 State #2 will be 238 BOPD + 95 MCFPD + 130 BWPD. The API oil gravity for the subject lease is 37.8, current posted oil price is \$23.00 per barrel. The total value will not change whether production is commingled or separate storage facilities are used.

If you should have any questions, please contact Tami Wilber at the above letterhead address.

Sincerely,

John R. Smitherman
Division Production Manager
