Attn: Mr. David Catacach

Phillips Petroleum Company requests permission for off lease measurement of the oil produced on the Hobbs lease. The oil produced from this lease (approximately 47 BOPD) is very high in H<sub>2</sub>S concentration. For safety reasons - two gaugers are required to gauge the production tanks. Permission is requested to transport the oil from the Hobbs lease to the Phillips Petroleum Company's Eunice station and measure the oil there.

The Hobbs lease is a Federal lease and like permission has been requested from the Bureau of Land Management. All working interest owners have been advised of this request by copy of this letter.

Please direct any questions to Joy Maples (915) 368-1667.

Yours very truly,

L. M. Sanders
