MERIDIAN OIL INC. Darius 'ADS' Federal # 1	150	400	50	Bone Spring **

**** These estimates are based on current reservoir data.**

A map is enclosed showing the location of all wells that will contribute production to the proposed commingling/common storage facility.

The production from the Darius 'ADS' Federal lease is sent through a heater treater where it is metered prior to going to the battery which is located 1980' FSL & 2310' FEL, Sec. 30, T23S, R32E Lea County, New Mexico. A test meter will be set at the Darius 'ADS Federal # 1 location prior to being commingled with the Little Jack '30' Federal lease at the sales meter.

Meridian is 100% working interest owners for all the wells in the Little Jack '30' Federal Lease. Meridian has 45.85% working interest for the Darius 'ADS' Federal Lease. However, our partners do concur with the commingling process and their interests are protected via the measuring methods.

The proposed commingling of production is in the interest of conservation and will not result in reduced royalty or improper measurement of production.

The proposed commingling is necessary for continued operation of the above referenced federal leases.

WE UNDERSTAND THAT THE REQUESTED APPROVAL WILL NOT CONSTITUTE THE GRANTING OF ANY RIGHT OF WAY OR CONSTRUCTION RIGHTS NOT GRANTED BY THE LEASE INSTRUMENT, AND IF APPLICABLE, WE WILL SUBMIT WITHIN 30 DAYS AN APPLICATION FOR RIGHT OF WAY APPROVAL TO THE BLM'S REALTY SECTION IN YOUR OFFICE IF WE HAVE NOT ALREADY DONE SO.
