Breckenridge, Texas

Gentlemen:

I have at hand Administrative Order WFX No. 2 which authorizes the conversion of certain wells in the Caprock Queen Pool to water injection wells for the purpose of secondary recovery.

To enable this office to properly maintain its records and to assure that the correct status is indicated on the Proration Schedule, it is hereby requested that Form C-103 be filed on each well as it is converted for the purposes of injecting water. Further, it is requested that a copy of your latest application be forwarded to this office for our information, particularly a map of the unit area which indicates the present and proposed injection wells.

Yours very truly,

OIL CONSERVATION COMMISSION
