Sec. 34-18S-29E

Gentlemen:

In April 1979 Jerry Sexton of the Hobbs district, Bill Gressett and Mike Williams of the Artesia district, John R. Gray and Mack C. Chase on behalf of Marbob Energy Corporation held a meeting to discuss and request that our water injection wells in captioned lands be re-activated. We received verbal approval for three wells, Turkey Track #3-C-Sec. 3-19S-29E; Turkey Track #5-E-Sec. 3-19S-29E; Brainard #7-M-Sec. 34-18S-29E, but the written approval was never issued. We failed to follow up on getting this in and have not shown the amount injected each month on our C-115s.

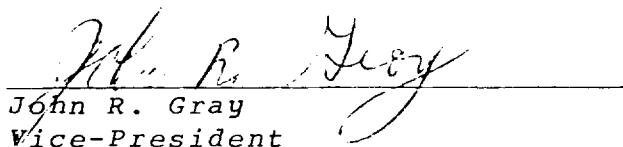

Attached is a schedule of the amount injected from each of the leases involved. All the water was injected into the Turkey Track #3 well at an injection pressure of 950# to 1050#.

The accumulative water injected is as follows:

	<u>12/31/77</u>	<u>12/31/78</u>	<u>12/31/79</u>	<u>12/31/80</u>	<u>12/31/81</u>
Turkey Track #3	327,063	331,711	336,839	373,351	449,175
Turkey Track #5	195,252	195,252	195,252	195,252	195,252
Brainard #7	125,174	125,174	125,174	125,174	125,174

We respectfully request that the above totals be used to update the records and all future C-115s beginning January 1982 will carry total injection per well.

Very truly yours,

John R. Gray
Vice-President
