APPLICATION OF NEWMONT OIL
COMPANY TO EXPAND ITS WEST
LOCO HILLS UNIT WATER FLOOD
PROJECT IN THE LOCO HILLS
POOL IN EDDY COUNTY, NEW MEXICO.

ADMINISTRATIVE ORDER
WFX NO. 230

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Order No. R-2178-C, Newmont Oil Company has made application to the Commission on March 3, 1966, for permission to expand its West Loco Hills Unit Water Flood Project in the Loco Hills Pool, Eddy County, New Mexico,

NOW, on this 10th day of March, 1966, the Secretary-Director finds:

1. That application has been filed in due form.
2. That satisfactory information has been provided that all offset operators have been duly notified of the application.
3. That waivers of objection have been received and the waiting period may be dispensed with at this time.
4. That the proposed injection well is eligible for conversion to water injection under the terms of Order No. R-2178-C.
5. That the proposed expansion of the above-referenced water flood project will not cause waste nor impair correlative rights.
6. That the application should be approved.

IT IS THEREFORE ORDERED:

That the applicant, Newmont Oil Company, be and the same is hereby authorized to inject water into the Grayburg formation through the following described well for purposes of secondary recovery, to wit:

The following well included as part of State II expansion authorized by Order No. R-2178-C:

Tract 11 Well No. 11 located in Unit F of Section 11, Township 18 South, Range 29 East, NMPM.

Done at Santa Fe, New Mexico, on the day and year hereinabove designated.

STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.,
Secretary-Director

SEAL

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy auditing of the accounts.

In the second section, the author details the various methods used to collect and analyze data. This includes both primary and secondary research techniques. The goal is to gather comprehensive information that can be used to identify trends and make informed decisions.

The third section focuses on the results of the data analysis. It presents a series of charts and graphs that illustrate the key findings. These visual aids help to communicate complex information in a clear and concise manner.

Finally, the document concludes with a series of recommendations based on the findings. These suggestions are designed to help the organization improve its operations and achieve its long-term goals. The author stresses the importance of continuous monitoring and evaluation to ensure that these recommendations are effectively implemented.
