Mr. A. L. Porter, Jr.
Secretary-Director, State of New Mexico
Oil Conservation Commission
P.O. Box 2088
Santa Fe, New Mexico

Dear Mr. Porter:

Newmont Oil Company hereby requests administrative approval to convert to water injection, the West Loco Hills Unit Tract 4 Well No. 2, Unit letter N, 990' FSL and 2310' FWL of Section 12, Township 18-S, Range 29-E, in the West Loco Hills Grayburg No. 4 Sand Unit, Eddy County, New Mexico.

This well is in Stage I of the Newmont Operated Project which was established by Order No. R-2166 and amended under Order No. R-2178-C (Case 2805) dated 6-11-63. The location of the well and other pertinent data are shown on the plat and diagrammatic sketches hereto attached in compliance with the requirements as set forth by the above reference orders.

It is planned to inject fresh water purchased from the Yucca Water Company at an estimated rate of 500 BPD. The casing will be pressure tested to 300 psig above the maximum anticipated surface pressure.

A copy of this application has been mailed to the State Engineer. Newmont Oil Company as the only operator offsetting the proposed injection well, requests the fifteen day waiting period be waived.

Yours truly,

NEWMONT OIL COMPANY

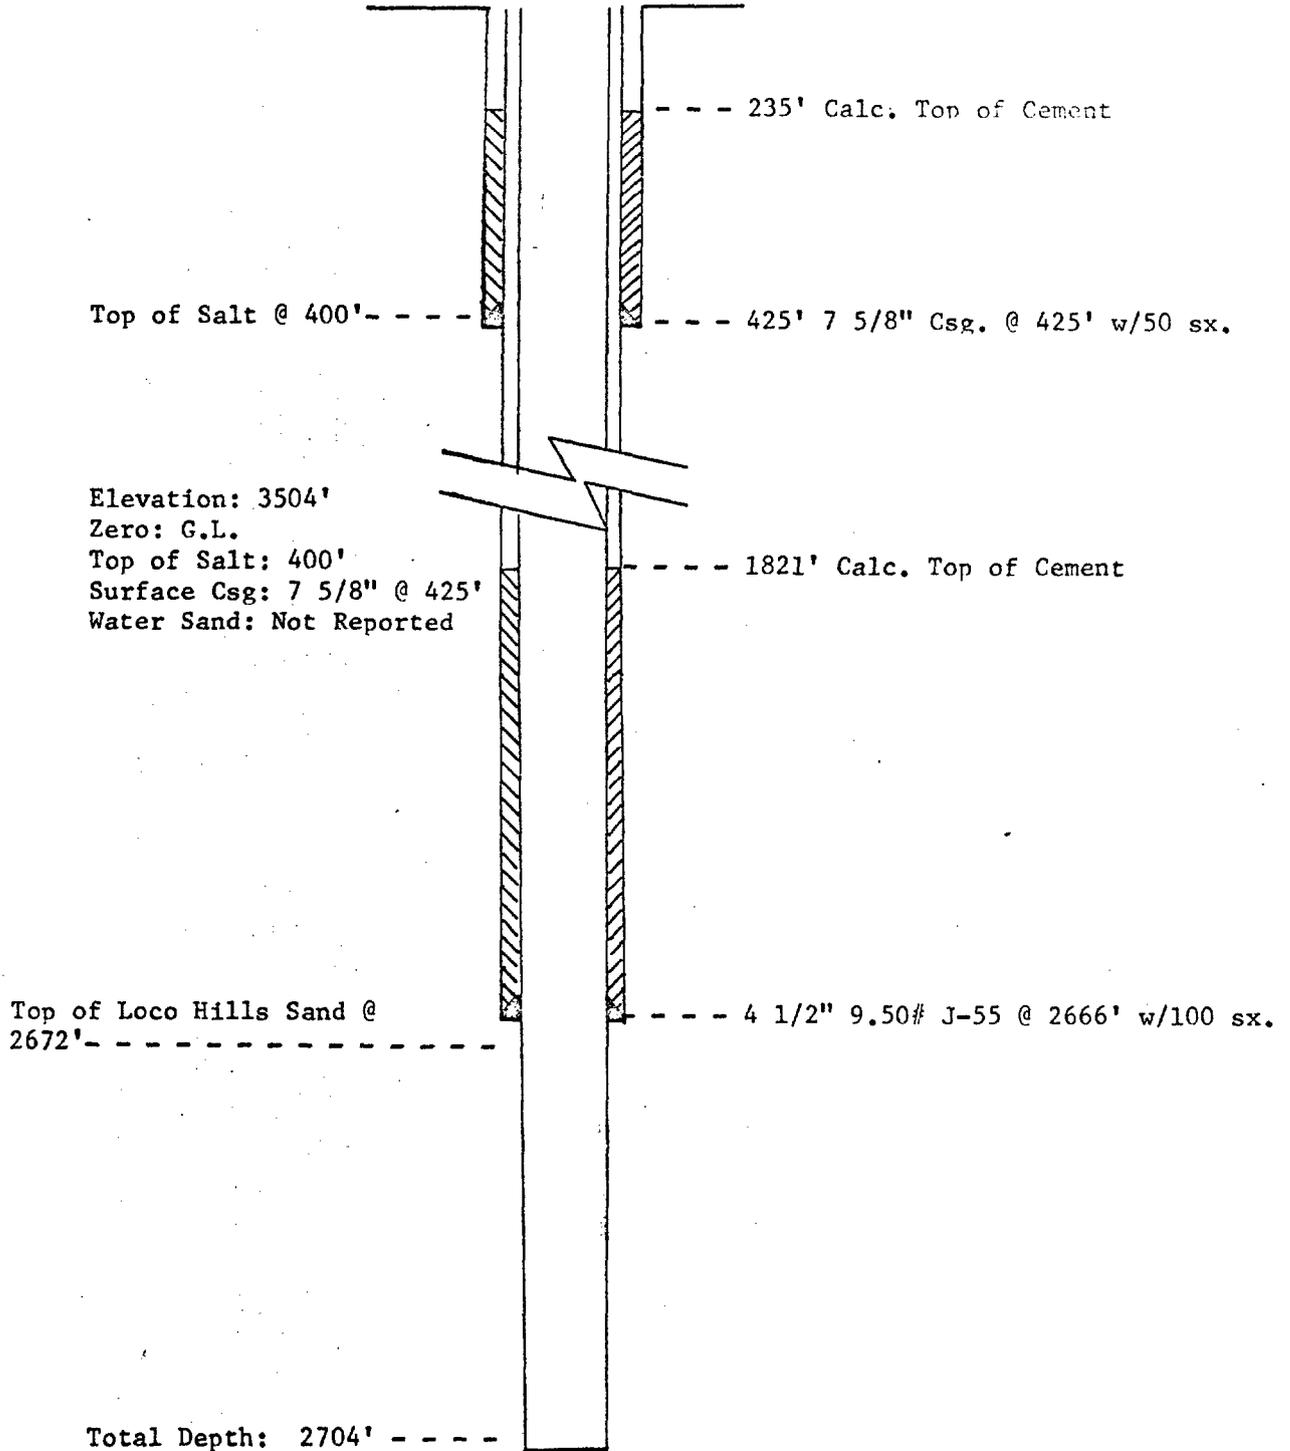

Herman J. Ledbetter
Division Superintendent

Re: WFX

Dear Dan:

Referring to Newmont Oil Company's application dated September 16, 1966, to expand their West Loco Hills water-flood, we can find no objections to the same. Casing program etc. is similar to offset input wells.

Very truly yours,

OIL CONSERVATION COMMISSION

R. L. Stamets
Geologist

ADDRESS CORRESPONDENCE TO:
STATE CAPITOL
SANTA FE, NEW MEXICO 87501

Mr. A. L. Porter, Jr.
Secretary-Director
Oil Conservation Commission
Santa Fe, New Mexico

W 77-242

Dear Mr. Porter:

Reference is made to the application of Newmont Oil Company dated September 16, 1966 which seeks administrative approval of the Oil Conservation Commission to convert their Loco Hills Unit Tract 4 Well No. 2, Unit letter N, to water injection.

This office offers no objection to the granting of this application, provided the well is completed in the manner indicated by the diagrammatic sketch and successfully withstands the test referred to in paragraph 3 of the application.
