Mr. A. L. Porter, Jr.
Secretary-Director, State of New Mexico
Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico

Dear Mr. Porter:

Newmont Oil Company hereby requests administrative approval to convert to water injection, the West Loco Hills Unit Tract 11 Well No. 1, Unit letter C 330' FNL and 2310' FWL of Section 11, Township 18S, Range 29E, in the West Loco Hills Grayburg No. 4 Sand Unit, Eddy County, New Mexico.

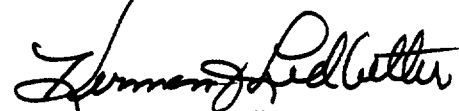

This well is in Stage II of the Newmont Operated Project which was established by Order No. R-2166 and amended under Order No. R-2178-C (Case 2805) dated 6-11-63. A plat showing the location of the well and a diagrammatic sketch of the well are attached.

It is planned to inject fresh water purchased from the Yucca Water Company at an estimated rate of 500 BPD. The casing will be pressure tested to 300 psig above the maximum anticipated surface pressure.

A copy of this application has been mailed to the State Engineer. Newmont Oil Company as the only operator offsetting the proposed injection well, requests the fifteen day waiting period be waived.

Yours truly,

NEWMONT OIL COMPANY

Santa Fe, New Mexico

Dear Mr. Porter:

Reference is made to the application of Newmont Oil Company which seeks administrative approval for conversion of West Loco Hills Unit Well No. 11-11 to water injection.

Review of the application and the diagrammatic sketch of the well indicate that the completion is substantially the same as the wells authorized by Orders No. R-2166 and No. R-2178-C and that the casing will be pressure tested to 300 psig above the maximum anticipated surface pressure. For these reasons this office offers no objection to the granting of the application.
