Gentlemen:

Sunray respectfully requests that WFX Order No. 268 be amended to read:

"M. Dodd "B" Well No. 30 located in Unit H of Section 10,  
Township 17 South, Range 29 East, NMPM"

Instead of:

"M. Dodd "B" Well No. 29 located in Unit H of Section 10,  
Township 17 South, Range 29 East, NMPM"

Under the provision of Rule 701, Sunray DX Oil Company made application to the Commission on July 28, 1967 for permission to expand its SDX Metex Water Flood Project in the Grayburg-Jackson Pool, Eddy County, New Mexico. Administrative Order WFX No. 268 was granted which authorized the injection of water into the Grayburg formation through the following described wells:

M. Dodd "A" Well No. 22 located in Unit N of Section 14,  
M. Dodd "B" Well No. 27 located in Unit L of Section 11,  
M. Dodd "B" Well No. 28 located in Unit J of Section 10,  
M. Dodd "B" Well No. 29 located in Unit H of Section 10  
all in Township 17 South, Range 29 East, NMPM.

M. Dodd "A" Well No. 22 and M. Dodd "B" Well No. 27 have been drilled and completed as injection wells. We are presently drilling the M. Dodd "B" No. 28 and will soon be drilling a well in Unit H of Section 10, Township 17 South, Range 29 East.

Through an oversight, the well number on our application to drill the well in Unit H, Section 10 was for the M. Dodd "B" Well No. 30 instead of No. 29 as shown in WFX Order No. 268.
