

TENNECO OIL COMPANY • P. O. BOX 1031 • 1800 WILCO BUILDING • MIDLAND, TEXAS 79701

March 19, 1968

New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico

Attention: Mr. J. E. Kapteina, Petroleum Engineer

Gentlemen:

68 MAR 21 PM 1 17

As requested in your letter of March 15, 1968 concerning Tenneco's request for administrative approval to convert Wells No. 55 and 57 to water injection in the Grayburg Jackson West Co-op. Unit, Eddy County, New Mexico, attached are two additional copies of the original application in compliance with Rule 701 and 701 E-5 of the Commission's Rules and Regulations which requires three copies.

The proposed conversion of Wells No. 55 and 57 will expand the existing flood pattern in the northern area of the Unit and should result in increased waterflood sweep efficiency of the area.

A copy of the application along with all attachments has been submitted to the State Engineer's Office.

Please advise if you require any additional information.

Very truly yours,

TENNECO OIL COMPANY
