RE: Expansion of flood under Rule 701-B

Gentlemen:

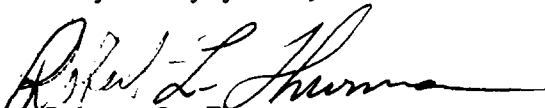

It is requested that Texas American Oil Corporation be granted permission to expand its Etz State Water Flood to include Well No. B-6.

Permission to flood this lease was granted under order No. R-2635 and later expanded by order No. WFX-214 and WFX-339.

An accelerated injection program was commenced August, 1975. We can no longer inject sufficient amounts of water into the present injection wells to compensate for the increased water production.

Attached form C-103 is being sent to all offset operators.

Very truly yours,

Robert L. Thurman

RLT/pb
