Sec. 24 17S 27E

Dear Sir:

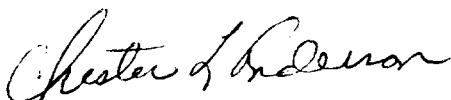

Attached you will find a plat which shows Leonard Latch's acreage and waterflood wells covered in permit # R35-73 and R15-46.

We are asking permission to expand the waterflood covered by R15-46 (Brooks Lease) to include the Berry Lease, wells # 9 and 19. It is our intention by making these two wells injection wells to increase the production on the Berry Lease.

Berry Well #9 has 5" casing set at 450' with 20 sacks of cement, with open hole down to 505 feet. Berry Well #19 has 5" casing set at 430' with 20 sacks of cement and with open hole down to 469 feet.

Your approval of this extension in the waterflood will be much appreciated. If any additional data is needed, please advise.

Yours very truly,

Chester L. Anderson
