Dear Mr. Catanach:

Your administrative Order #WFX-698, approved injection for four new Caprock Maljamar Unit wells which have not yet been drilled. During the permitting process with the Bureau of Land Management, archaeological problems were identified which caused the locations for these four wells to be moved. The new location for each well is:

CMU #264	510' FNL, 762' FWL, Unit D, Section 24, T17S-R32E
CMU #265	660' FNL, 2072' FWL, Unit C, Section 24, T17S-R32E
CMU #266	1828' FNL, 569' FWL, Unit E, Section 24, T17S-R32E
CMU #268	1893' FSL, 1875' FWL, Unit K, Section 24, T17S-R32E

It is my understanding this is all you need to revise your Order #WFX-698 to include these revised locations; however, if you need any additional information, please give me a call.

Sincerely,
