Re: Request To Amend Administrative Order WFX-712
Grayburg-Jackson Waterflood Project
Eddy County, NM

Dear Sir:

Devon Energy Corporation respectfully requests an amendment to Administrative Order WFX-712 to reflect replacing the Turner "B" #9 with the Turner "B" #138. This amendment will also necessitate an extension in the effective date of said order.

During the workover to convert the Turner "B" #9 to water injection it was discovered that the production casing had parted resulting in the subsequent plugging and abandonment of the wellbore. The Turner "B" #138 is to be drilled and completed as a replacement water injection well for the Turner "B" #9.

Please direct any questions regarding this matter to the undersigned at (405) 552-4528.

Sincerely,
Devon Energy Corporation
