***Re: Request for Extension of Implementation Period for Division Order WFX-713.***

Dear Mr. Carleton:

My staff has reviewed your request to extend the implementation period on the above referenced Division Order. Providing that all conditions contained in the order remain the same and there have been no wells drilled in the area of review, the expiration date of the WFX-713 is hereby extended to December 15, 1999.

In the event any drilling activity occurs in the subject area of review, Devon Energy Operating Corporation will notify the supervisor of the Artesia district office and the Division office. An administrative review of the permit will be conducted, and the status of the permit will be determined.

All other provisions and conditions of WFX-713 and Division Rules 706 and 1120 shall remain in full force and effect.

Sincerely,

Lori Wrotenberg  
Director
