Attention: Perry L. Hughes

**RE: Injection Pressure Increase Maljamar Grayburg Unit
 Waterflood Project, Lea County, New Mexico**

Dear Mr. Hughes:

Reference is made to your request dated June 13, 1994 to increase the surface injection pressure on six wells within the Maljamar Grayburg Unit Waterflood Project. This request is based on step rate tests conducted during April and May, 1994. The results of the tests have been reviewed by my staff and we feel an increase in injection pressure on these wells is justified at this time.

You are therefore authorized to increase the surface injection pressure on the following wells:

Well and Location	Maximum Injection Surface Pressure
Maljamar Grayburg Unit Well No. 6 Unit I, Section 3, Township 17 South, Range 32 East	1594 PSIG
Maljamar Grayburg Unit Well No. 11 Unit N, Section 3, Township 17 South, Range 32 East	1733 PSIG
Maljamar Grayburg Unit Well No. 12 Unit O, Section 3, Township 17 South, Range 32 East	1713 PSIG
Maljamar Grayburg Unit Well No. 51 Unit C, Section 10, Township 17 South, Range 32 East	1736 PSIG
