ADDRESS CORRESPONDENCE TO:
STATE CAPITOL
SANTA FE, NEW MEXICO 87501

Mr. A. L. Porter, Jr.
Secretary-Director
Oil Conservation Commission
Santa Fe, New Mexico

Dear Mr. Porter:

Reference is made to the application of Atlantic Refining Company which seeks permission to convert their well No. 26 in the Many Rocks Pressure Maintenance Project No. 2 to injection status. The well proposed for conversion is in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 17, T. 31 N., R. 16 W. The project was authorized by Order R-2622 following hearing on Case No. 2948.

In view of the fact that the proposed conversion conforms with the requirements of Order No. R-2622, I find no reason to object to the granting of this application.

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Texaco has reviewed the application of The Atlantic Refining Company requesting approval to convert Well No. 26 in the subject Project from producing status to injection.

As an offset operator to Well No. 26, Texaco has no objections to this proposal.

Very truly yours,,

Attention: Mr. W. F. Tomlinson

Gentlemen:

Your application of March 4 requests permission to convert well No. 26, SE $\frac{1}{4}$ Sec. 17, T. 31 N., R. 16 W., San Juan County, New Mexico, Many Rocks - Gallup Pressure Maintenance Project No. 2, to a water injection well for more efficient flooding of the Many Rocks Gallup reservoir. The initial plan of injection pattern provides for well No. 25, SW $\frac{1}{4}$ Sec. 17 to be converted to a water injection well. You state that new development shows the reservoir to be narrower at the southern part and that conversion to water injection of well No. 26 rather than well No. 25 would benefit unit recovery.

Your application to convert well No. 26, SE $\frac{1}{4}$ Sec. 17, Many Rocks Gallup pool, to a water injection well is hereby approved subject to like approval by the New Mexico Oil Conservation Commission.

Sincerely yours,

JOHN A. ANDERSON
Regional Oil & Gas Supervisor

Dear Pete:

When I was at the last examiner's hearing on March 9, I left in your office an application of Humble Oil & Refining Company for an order approving the conversion of 4 additional producing wells to water injection wells in the Northwest Cha Cha Gallup Pressure Maintenance Project in San Juan County. I did not have an opportunity to discuss this with you personally and would appreciate your advising the present status of the application. The application was prepared by William S. Livingston the Denver attorney for Humble and forwarded to the writer for filing. Any communications concerning the application should be sent to Mr. Livingston at Box 120, Denver, Colorado, with a copy to us.

Yours sincerely,

HINKLE, BONDURANT & CHRISTY
