Midland, Texas 79701**

Gentlemen:

During the month of October, 1967, Astec Oil and Gas Company filed forms with the Commission showing a change of operator for certain unit wells in the Central Totah Unit. A check of the case file of said unit indicates that if Astec Oil and Gas Company has become Successor Unit Operator the change was not made in accordance with Sections 7 and 8 of the Unit Agreement for the Development and Operation of the Central Totah Unit Area.

Astec Oil and Gas Company filed an application for expansion of the Pressure Maintenance Project authorized for the unit area, but until the above matter has been properly settled, approval of the application by the Commission must be withheld.

Very truly yours,

**A. L. PORTER, Jr.  
Secretary-Director**

SANTA FE, NEW MEXICO 87501

January 20, 1961

Mr. J. W. ...  
Santa Fe, New Mexico

Dear Mr. ...: The Commission is pleased to inform you that the results of the survey conducted in your area have been received. The survey indicates that there is a need for additional conservation measures in your area. We are currently reviewing the data and will be in contact with you again in the near future.

Very truly yours,  
Director

Re: Application of Aztec Oil & Gas Company  
For Authorization to Convert Additional  
Producing Wells to Injection Wells and  
Expansion of Project Area Pursuant to  
Order No. R-2190, Tenneco Pressure  
Maintenance Project, Totah-Gallup Pool,  
San Juan County, New Mexico

Mr. A. L. Porter, Jr.  
Secretary-Director and Geologist  
New Mexico Oil Conservation Commission  
P. O. Box 2088  
Santa Fe, New Mexico 87501

Dear Mr. Porter:

Aztec Oil & Gas Company filed an Application on November 17, 1967, covering the captioned matter.

This is to advise that Pan American Petroleum Corporation has no objection to the requested conversion of additional wells to injection and the requested expansion of the project area in the Totah Gallup pool.

Yours very truly,

*RB Giles*
