Re: Application to Drill Injection Wells at Unorthodox Locations, Central Vacuum Unit, Lea County, N. Mex.

Dear Mr. Gannon:

We are in receipt of the subject application dated May 6, 1980.

This application may not be processed until all data required by Order 20 (b) of Order No. R-5530 have been submitted. Missing data include: tubing size, depth, and packer; perforated interval (projected); a statement that the casing-tubing annulus will be loaded with inhibited fluid and gauged to detect system failure; the wellhead injection press limit to be used and how much limit will be maintained.

Upon receipt of the additional information the application will be processed.

Sincerely,

R. L. STAMETS
Technical Support Chief
