UNIVERSITY OF CALIFORNIA

P.O. BOX 971

DARWIN CENTER

Dear Sirs:

I am writing to you regarding the matter of the University of California's participation in the proposed project. I have reviewed the information provided to me and have concluded that the University's participation in the project is not in its best interests. The project is of a speculative nature and the University's participation in it would be purely advisory. The University's participation in the project would be purely advisory and would not involve the University's financial resources. The University's participation in the project would be purely advisory and would not involve the University's financial resources.

I am sure that you will understand the University's position. I am sure that you will understand the University's position. I am sure that you will understand the University's position.

Sincerely,
[Signature]

THE APPLICATION OF CHAMPLIN OIL AND REFINING COMPANY FOR PERMISSION TO EFFECT CONVERSION TO SALT WATER DISPOSAL OF ITS FEATHERSTONE STATE "A" WELL NO. 1, LOCATED IN THE NE/4 NW/4 OF SECTION 7, TOWNSHIP 14 SOUTH, RANGE 33 EAST, NMPM, LEA COUNTY, NEW MEXICO, INTO THE SAN ANDRES FORMATION.

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 701 (c) Champlin Oil and Refining Company made application to the New Mexico Oil Conservation Commission on March 6, 1957 for permission to convert for salt water disposal, its Featherstone State "A" Well No. 1, located 330 feet from the North line and 1569 feet from the West line and in the NE/4 NW/4 of Section 7, Township 14 South, Range 33 East, NMPM, Lea County, New Mexico, in the area adjoining the Baum Wolfcamp Pool.

The Secretary-Director Finds:

- (1) That application has been duly filed under the provisions of Rule 701 (c) of the Commission Rules and Regulations;
- (2) That satisfactory information has been provided that all offset operators, surface owners and New Mexico State Engineers Office have been duly notified; and
- (3) That the applicant has presented satisfactory evidence that all requirements prescribed in Rule 701 (c) will be met.
- (4) That waivers have been received from the offset operators and surface owner as prescribed by said rule.

IT IS THEREFORE ORDERED: That the applicant, herein, Champlin Oil and Refining Company be and it hereby is authorized to convert for salt water disposal its Featherstone State "A" Well No. 1, located in the NE/4 NW/4 of Section 7, Township 14 South, Range 33 East, NMPM, Lea County, New Mexico, in such manner as to permit conversion of a previously abandoned well into a salt water disposal well by injection of salt water through open hole into the San Andres formation in the area adjoining the Baum Wolfcamp Pool.

IT IS FURTHER ORDERED: That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after proper notice and hearing the Commission may terminate the authority hereby granted in the interests of conservation. That applicant shall submit monthly reports of its disposal operation in accordance with Rules 704 and 1119 of the Commissions Rules and Regulations.

APPROVED at Santa Fe, New Mexico on this 13th day of March, 1957.
