Gentlemen:

Attached are two copies of plats drawn to scale, locating and identifying the location of our disposal well, two skimmer tanks, permanent steel 250 bbl. storage tank and the cement lined reserve pit.

This equipment is used to skim any oil that may come into the system from operators producing salt water into the system.

The attached forms are submitted in accordance with Order No. R-1036.

Yours very truly,

THE ATLANTIC REFINING COMPANY
