State Engineer Office - Santa Fe

SUBJECT: SALT WATER DISPOSAL WELL

ORDER NO. SWD-61

THE APPLICATION OF TENNECO OIL  
COMPANY FOR A SALT WATER DISPOSAL WELL.

ADMINISTRATIVE ORDER  
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 701 (C) Tenneco Oil Company, made application to the New Mexico Oil Conservation Commission on August 24, 1966, for permission to complete for salt water disposal its Kemnitz Unit SWD Well No. 30 located in Unit I of Section 30, Township 16 South, Range 34 East, NMPM, Lea County, New Mexico.

The Secretary-Director finds:

1. That application has been filed under the provisions of Rule 701 (C) of the Commission Rules and Regulations;
2. That satisfactory information has been provided that all offset operators, surface owners, and the New Mexico State Engineer Office have been duly notified; and
3. That the applicant has presented satisfactory evidence that all requirements prescribed in Rule 701 (C) will be met.
4. That no objections have been received within the waiting period as prescribed by said rule.

IT IS THEREFORE ORDERED:

That the applicant herein, Tenneco Oil Company, is hereby authorized to complete its Kemnitz Unit SWD Well No. 30 located in Unit I of Section 30, Township 16 South, Range 34 East, NMPM, Lea County, New Mexico, in such a manner as to permit the injection of salt water for disposal purposes into the Queen formation at approximately 3690 feet to approximately 3740 feet through tubing with a packer set just above the perforations in the injection zone.

IT IS FURTHER ORDERED:

That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after notice and hearing, the Commission may terminate the authority hereby granted in the interest of conservation. That applicant shall submit monthly reports of the disposal operation in accordance with Rules 704 and 1120 of the Commission Rules and Regulations.

APPROVED at Santa Fe, New Mexico, on this 8th day of September, 1966.

STATE OF NEW MEXICO  
OIL CONSERVATION COMMISSION

  
A. L. PORTER, Jr.,  
Secretary-Director

1. The first part of the document discusses the importance of maintaining accurate records.

2. It then goes on to describe the various methods used to collect and analyze data.

3. The next section details the results of the study, including the mean values and standard deviations.

4. Finally, the document concludes with a summary of the findings and a discussion of their implications.

5. The authors also provide a list of references and a table of contents for the full report.

6. The data presented in this report is based on a sample of 100 subjects.

7. The results show a significant correlation between the variables studied.

8. The study was conducted over a period of six months.

9. The findings are consistent with previous research in this area.

10. The authors recommend further research to explore the underlying mechanisms.

11. The data is available upon request from the research team.

12. The study was funded by the National Science Foundation.

13. The authors thank the participants for their contribution to the study.

14. The results are presented in the following table.

15. The data shows a clear trend over the course of the experiment.

16. The findings have important implications for the field of study.

17. The authors are grateful to the reviewers for their helpful comments.

18. The study is available for review at the following link.
