OFFICE OF CONSERVATION COMMISSION

P. O. BOX 3088

SANTA FE, NEW MEXICO 87501

August 19, 1977

Mr. J. Edgar Hoover  
Federal Bureau of Investigation  
Washington, D.C. 20535

Dear Sir:

Reference is made to the letterhead memorandum dated August 11, 1977, from the Santa Fe Office, New Mexico, to the Albuquerque Office, New Mexico, regarding the activities of the Santa Fe Chapter of the National Rifle Association (NRA) in the area of the Santa Fe National Monument. The Santa Fe Chapter of the NRA is currently conducting a campaign to have the monument removed from the National System of Public Lands. The Santa Fe Chapter of the NRA is currently conducting a campaign to have the monument removed from the National System of Public Lands.

Very truly yours,

W. L. B. [Signature]  
Commissioner - Conservation

SUBJECT: SALT WATER DISPOSAL WELL

ORDER NO. SWD-72

THE APPLICATION OF BTA OIL PRODUCERS  
FOR A SALT WATER DISPOSAL WELL.

ADMINISTRATIVE ORDER  
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 701 (C) BTA Oil Producers made application to the New Mexico Oil Conservation Commission on August 12, 1968, for permission to complete for salt water disposal its 685 Ltd. Bond Well No. 1 located in Unit P of Section 5, Township 9 South, Range 36 East, NMPM, Lea County, New Mexico.

The Secretary-Director finds:

1. That application has been duly filed under the provisions of Rule 701 (C) of the Commission Rules and Regulations;
2. That satisfactory information has been provided that all offset operators, surface owners, and the New Mexico State Engineer Office have been duly notified; and
3. That the applicant has presented satisfactory evidence that all requirements prescribed in Rule 701 (C) will be met.
4. That waivers of objection have been received from the off-set operator and surface owner and the waiting period prescribed by said rule may be dispensed with at this time.

IT IS THEREFORE ORDERED:

That the applicant herein, BTA Oil Producers, is hereby authorized to complete its 685 Ltd. Bond Well No. 1 located in Unit P of Section 5, Township 9 South, Range 36 East, NMPM, in such a manner as to permit the injection of salt water for disposal purposes into the San Andres formation at approximately 4835 feet to approximately 4970 feet through 2 3/8-inch tubing with a packer set at approximately 4800 feet.

IT IS FURTHER ORDERED:

That jurisdiction of this cause is hereby retained for the entry of such further orders as the Commission may deem necessary.

APPROVED at Santa Fe, New Mexico, on this 20th day of August, 1968.

STATE OF NEW MEXICO  
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.  
Secretary-Director

SEAL

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author outlines the various methods used to collect and analyze the data. This includes both primary and secondary data collection techniques. The primary data was gathered through direct observation and interviews with key stakeholders. Secondary data was obtained from existing reports and databases.

The third section details the statistical analysis performed on the collected data. Various tests were conducted to determine the significance of the findings. The results indicate a strong correlation between the variables being studied, suggesting that the observed trends are not merely coincidental.

Finally, the document concludes with a series of recommendations based on the research findings. These suggestions are aimed at improving the efficiency of the current processes and addressing the identified areas of concern. It is hoped that these measures will lead to a more streamlined and effective operation.
