SUBJECT: SALT WATER DISPOSAL WELL

ORDER NO. SWD-90

THE APPLICATION OF BTA OIL
PRODUCERS FOR A SALT WATER
DISPOSAL WELL.

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 701 (C) BTA Oil Producers, made application to the New Mexico Oil Conservation Commission on November 27, 1968, for permission to complete for salt water disposal its King 686 Ltd. SWD Well No. 1 located in Unit B of Section 8, Township 9 South, Range 36 East, NMPM, Lea County, New Mexico.

The Secretary-Director finds:

1. That application has been duly filed under the provisions of Rule 701 (C) of the Commission Rules and Regulations;
2. That satisfactory information has been provided that all offset operators, surface owners, and the New Mexico State Engineer Office have been duly notified; and
3. That the applicant has presented satisfactory evidence that all requirements prescribed in Rule 701 (C) will be met.
4. That no objections have been received within the waiting period prescribed by said rule.

IT IS THEREFORE ORDERED:

That the applicant herein, BTA Oil Producers, is hereby authorized to complete its King 686 Ltd. SWD Well No. 1 located in Unit B of Section 8, Township 9 South, Range 36 East, NMPM, Lea County, New Mexico, in such a manner as to permit the injection of salt water for disposal purposes into the San Andres formation at approximately 4098 feet to approximately 5530 feet through 2 3/8-inch tubing with a packer set at approximately 3680 feet.

IT IS FURTHER ORDERED:

That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after notice and hearing, the Commission may terminate the authority hereby granted in the interest of conservation. That applicant shall submit monthly reports of the disposal operation in accordance with Rules 704 and 1120 of the Commission Rules and Regulations.

APPROVED at Santa Fe, New Mexico, on this 12th day of December, 1968.

STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.
Secretary-Director

SEAL

1. Introduction

The purpose of this document is to provide a comprehensive overview of the project's objectives and scope.

2. Objectives

The primary objectives of this project are to:

(i)

analyze the current market conditions and identify potential opportunities for growth.

3. Methodology

The data for this project was collected through a series of interviews and surveys.

(ii)

The results of the analysis indicate that there is a significant potential for market expansion.

(iii)

Based on the findings, it is recommended that the company focus on developing new products.

4. Conclusion

In conclusion, the project has successfully identified key areas for strategic development.

Appendix A

The following table provides a detailed breakdown of the data collected during the project.

Table 1

This table contains the primary data points from the project, including market trends and consumer behavior.

5. References

The following sources were consulted during the research process.
