SUBJECT: SALT WATER DISPOSAL WELL

ORDER NO. SWD-91

THE APPLICATION OF JAKE L. HAMON
FOR A SALT WATER DISPOSAL WELL.

ADMINISTRATIVE ORDER
OF THE OIL CONSERVATION COMMISSION

Under the provisions of Rule 701 (C) Jake L. Hamon, made application to the New Mexico Oil Conservation Commission on December 9, 1968, for permission to complete for salt water disposal its Gladson State Well No. 1 located in Unit E of Section 36, Township 16 South, Range 35 East, NMPM, Lea County, New Mexico.

The Secretary-Director finds:

1. That application has been duly filed under the provisions of Rule 701 (C) of the Commission Rules and Regulations
2. That satisfactory information has been provided that all offset operators, surface owners, and the New Mexico State Engineer Office have been duly notified; and
3. That the applicant has presented satisfactory evidence that all requirements prescribed in Rule 701 (C) will be met.
4. That waivers of objection have been received from offsetting operators and the waiting period prescribed by said rule may be dispensed with at this time.

IT IS THEREFORE ORDERED:

That the applicant herein, Jake L. Hamon, is hereby authorized to complete its Gladson State Well No. 1 located in Unit E of Section 36, Township 16 South, Range 35 East, NMPM, Lea County, New Mexico, in such a manner as to permit the injection of salt water for disposal purposes into the Queen, San Andres, Glorieta and Blinbry formations at approximately 4190 feet to approximately 7500 feet through 2 7/8-inch tubing with a packer set at approximately 3900 feet.

IT IS FURTHER ORDERED:

That jurisdiction of this cause is hereby retained by the Commission for such further order or orders as may seem necessary or convenient for the prevention of waste and/or protection of correlative rights; upon failure of applicant to comply with any requirement of this order after notice and hearing, the Commission may terminate the authority hereby granted in the interest of conservation. That applicant shall submit monthly reports of the disposal operation in accordance with Rules 704 and 1120 of the Commission Rules and Regulations.

APPROVED at Santa Fe, New Mexico, on this 16th day
of December, 1968.

STATE OF NEW MEXICO
OIL CONSERVATION COMMISSION

A. L. PORTER, Jr.
Secretary-Director

SEAL

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and activities. It emphasizes that this is essential for ensuring transparency and accountability in the organization's operations.

2. The second part of the document outlines the various methods and tools used to collect and analyze data. It highlights the need for consistent and reliable data collection processes to support informed decision-making.

3. The third part of the document focuses on the role of technology in data management and analysis. It discusses how modern software solutions can streamline data collection, storage, and reporting, thereby improving efficiency and accuracy.

4. The fourth part of the document addresses the challenges associated with data management, such as data quality, security, and privacy. It provides strategies to mitigate these risks and ensure that data is used responsibly and ethically.

5. The fifth part of the document discusses the importance of data governance and the establishment of clear policies and procedures. It stresses that a strong data governance framework is crucial for maintaining data integrity and compliance with relevant regulations.

6. The sixth part of the document explores the benefits of data-driven decision-making and how it can lead to improved performance and innovation. It provides examples of successful organizations that have leveraged data to gain a competitive edge.

7. The seventh part of the document discusses the role of data in strategic planning and the development of long-term business goals. It highlights how data can provide valuable insights into market trends and customer behavior.

8. The eighth part of the document addresses the importance of data literacy and the need for ongoing training and development. It emphasizes that all employees should have the skills and knowledge to effectively use data in their work.

9. The ninth part of the document discusses the role of data in risk management and the identification of potential threats. It highlights how data can be used to monitor and assess risks, allowing organizations to take proactive measures to prevent or minimize damage.

10. The tenth part of the document discusses the role of data in customer relationship management and the improvement of customer experience. It highlights how data can be used to understand customer needs and preferences, enabling organizations to provide personalized and relevant services.

11. The eleventh part of the document discusses the role of data in supply chain management and the optimization of logistics. It highlights how data can be used to track inventory levels, monitor delivery times, and identify areas for process improvement.

12. The twelfth part of the document discusses the role of data in human resources management and the improvement of employee performance. It highlights how data can be used to track employee productivity, identify training needs, and make data-driven decisions about hiring and promotion.

13. The thirteenth part of the document discusses the role of data in financial management and the optimization of budgeting. It highlights how data can be used to track expenses, identify cost-saving opportunities, and make data-driven decisions about resource allocation.
