Re: Case No. 4015  
Order No. R 3657

Gentlemen:

Please refer to attached copy of case No. 4015, Order No. R 3657. Under paragraph 3 of Order, the Secretary-Director of the Commission is authorized to approve additional salt water disposal wells in Wilson Yates-Seven Rivers Pool.

Wilson Oil Company Shell-State #13, Unit L of Section 7, T 21S, R 35E will not take salt water for disposal in sufficient quantities and reasonable pressure into the seven rivers reef. HCL acid has been used to increase the rate of take. The well will take the salt water at low rates, thus the well will be retained in disposal system to receive emergency fluid.

Wilson Oil Company hereby requests the addition of Shell-State 14 in Unit L of Section 7, T 21S, R 35E to salt water disposal system.

Respectfully submitted,

WILSON OIL COMPANY

  
N. Raymond Lamb, V. President
