Dear Sir:

The Stevens B No. 8 Unit A, Section 12, T-23S, R-36E was authorized as a waterflood injection well per order R-3539 dated October 31, 1968. Since all the direct and diagonal offsets to this well are shut-in we believe this should be reclassified to a SWD well.

Handwritten notes:

R-3539

There are no direct, or diagonal offset wells to McCallister A No. 2 Unit A, Section 24, T-26S, R-36E which was authorized as a pressure maintenance well per order 4026 dated September 10, 1978. We therefore request this well be reclassified to a SWD well.

Handwritten note:
R-4026

If you concur with there proposals please so advise us. Future volumes of water disposed in these wells will then be reported on Form C-120A.

Yours very truly,

Re: Administrative Order SWD No. 199
McCallister A Well No. 2
Unit A, Section 24, Township 26
South, Range 36 East, NMPM, Lea
County, New Mexico.

Gentlemen:

Reference is made to your application of December 1, 1977, for conversion of the captioned well from a pressure maintenance project injection well to a salt water disposal well.

The subject well is hereby reclassified as a salt water disposal well and Commission Order No. R-4026 is hereby suspended; however, said well shall continue to be bound by any well construction, testing, and monitoring provisions of said order.

Very truly yours,

JOE D. RAMEY
