Re: JEM Resources, Inc.
Cave Pool Unit Waterflood
Cave Pool, Eddy County, NM
Order R-2385

Dear Dick:

Only produced water has been injected into the subject project since April, 1976.

We have contacted the operator and he has no objection to the re-classification of this project to SWD.

They are currently using wells # 27-P-5-17-29 and #36-B-8-17-29.

Please issue an order covering these wells.

Sincerely yours,
